## Certificate of Compliance Reduction of Toxics in Packaging

August 2, 2011

Dear Valued Customer,

AmTopp hereby certifies that all of its BOPP products comply with the requirements of the toxics in packaging law(s). Specifically:

- 1) We certify that the regulated metals – lead, mercury, cadmium, and hexavalent chromium – were not intentionally added to any of our films during the manufacturing process.
- 2) We further certify that the sum of the incidental concentration levels of lead, mercury, cadmium, hexavalent chromium present in any film component does not exceed 100 parts per million by weight.
- 3) We will maintain adequate documentation of this certification for inspection upon request.

This certificate relates only to non-printed/non-coated polypropylene packaging films.

For and On Behalf of AmTopp,

Homer Hsieh  
President

AmTopp, a member of the Inteplast Group
