

# IntePro®

## PACKAGING USES

Inteplast is a Pioneer and Market Leader in the Packaging Industry.

Inteplast, manufacturer of IntePro®, is the only one worldwide that can produce thicker gauges over 13mm.

Innovative IntePro® products – S Flute, X Flute, 112 Flutes and the new “Double-Flute/Triple Wall”, introduced in 2007.

Our dedicated technicians and state-of-the-art technology will work to develop different kinds of specification and configurations, for your special needs.
