

VF Film

Smooth Surface Strength

IntePlus[®] VF films are smooth surface, oriented, cross-laminated, high strength films that offer outstanding tear, burst, and puncture resistance.

Available in a wide range of thickness' and web widths, Inteplus[®] VF films are easy to print on, laminate to, and process. They are ideal for a variety of demanding applications including but not limited to multi-wall bag liner, child proof packaging, and performance packaging of expensive or hard to hold products.

Features & Benefits
